

# Kathryn

## I've never met an EP before and I'm not sure about the whole thing...

Lots of people aren't sure about meeting new people. If you have any questions, you can ask people at school or at home. If you are uncomfortable about something, we can talk about it, so you feel OK about everything.

## What is important to me...

My family

My friends

Reading

Time cuddling the dog

Playing computer games

## What I would like to get better at...

Fencing- a sport I love!

Making sure I 'have a place for everything and put everything in its place' so I don't lose things...

Not worrying about things so much...

## People describe me as...

Easy to talk with

Fun

Asks good questions

Gets things done

Plans ahead

## My Job

My job is to try and help children get the most from friendships, school and learning. Sometimes children have a very different idea about what they would prefer than the adults around them!

When I am working with children, I talk with them and everyone who supports them at home and at school. I hope that these conversations mean that everyone can find a way forward that feels right. In the end we all make a plan together about what we can do to change things for the better.

## What we might do together....

Chat about what is important to you

Do some questionnaires together

Play some games together

Do some reading, writing or other work together

Draw and talk about the things that are going on in school or at home for you
